

Eight compelling reasons to hire us.

1. OUR EXCLUSIVE SERVICE GUARANTEE.

We have set a new standard for customer service. Hire us and you will never experience the frustration of having an attorney who doesn't communicate. If your call isn't returned within 24 hours, we will hand you two, crisp \$100 bills.

2. CUSTOMIZED RESOLUTION.

Be in control of your outcome. A personalized case plan is developed based on your goals. (expand)

3. COST-EFFECTIVE SETTLEMENTS.

Save money. Our clients have saved hundreds of thousands of dollars by getting the most "bang for the buck" when we recommended what course of action to take in their family law matter. The doctor who mediated his entire divorce for \$7,000 and the attorney who was able to negotiate his settlement for less than \$5,000 are just a few examples of the clients we have helped save money with our expertise. Getting the best outcome with the least expense is always a consideration.

4. WE ARE ALL EXPERT FAMILY LAWYERS.

Avoid family law "dabblers;" feel secure with an attorney that is a specialist. Our practice is exclusively limited to family law.

5. WE OFFER YOU MORE RESOLUTION OPTIONS.

Make good decisions and reduce your anxiety by having more choices. Our lawyers have extensive training in litigation, mediation, and collaborative law; you can choose the method that best suits your particular case.

6. WE HELP SHAPE THE RULES.

Relax, you're in capable hands. We volunteer our time to make sure the laws being passed by our legislature have been analyzed. We make recommendations to our representatives in Sacramento so they have a clear picture of how it will affect you. Being involved in the law making process keeps us on the cutting edge of our field.

7. WE HELP YOU MAINTAIN YOUR INTEGRITY.

Don't lose yourself because you're getting a divorce. The pain of divorce often tempts people to stoop to bad behavior, which ultimately hurts them and their children. We care about you and your children enough to be honest and keep you from making mistakes you'll regret for the rest of your life.

8. WE START WITH THE END IN MIND.

Imagine what your life will be like when it's over. We begin the process with the ultimate goal of getting you out of the situation with your self esteem and assets in tact. Knowing you have a competent team of legal professionals dedicated to the end result from the start ensures you will begin your new life sooner rather than later. We get the job done as quickly as possible without compromising the outcome.
